WAG Coach

Love working with children and love gymnastics? Come and join the North Harbour Gymnastics Team.

North Harbour Gymnastics is currently looking for an experienced **WAG coach** to work in our Women's Artistic Gymnastics Programme.

The ideal applicant should:

- Have considerable and relevant experience coaching competitive gymnastics to girls at both junior levels and senior levels (this can include senior steps gymnasts or the equivalent level of gymnastics in other countries).
- Have a NZ Gymnastics Coaching Qualification of WAG Senior Coach (or the equivalent level of qualification from another country).
- Be capable of spotting a wide range of junior and senior WAG skills across all WAG apparatus.
- Be capable of planning and adapting gymnastics training sessions to suit developmental levels that gymnasts are at.
- Be a Team Player, wanting to become part of our family of Coaches, Staff, Volunteers and Gymnasts.
- Have a Visa or can obtain a Visa to work in NZ (if you are from overseas).
- Have high level management, technical and judging experience and qualifications.
- Have the ability to add unique value to their position.
- Have a current First Aid Certificate.
- Have a Drivers License and own transport.

There is the potential to turn this position into a full time role for the right candidate, with the right skillset. If it is deemed that you will be able to contribute in other areas that we feel will be of benefit to the club, we will look to help make this a full time position.

Remuneration will be based on qualifications and experience.

Our WAG Programme has high coaching standards and produces wonderful athletes. An inclination to working in a high performance environment is essential.

If you believe that the above sounds like you, and you are wanting to join a great team of coaches, gymnasts and staff working in one of the best gymnastics clubs in New Zealand, then please send through a **CV** and **Cover Letter** to Cameron@nhgym.co.nz (Manager Competitive Gymnastics) by the 26/07/19.
